EDUCATION:

JP College of Arts & Science.

2023 – 2026

Bachelor of Science in Information Technology (CGPA: 7.5)

Tenkasi, Tamil Nadu

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming

EXPERIENCE:

Qbatzclay – Software Development Intern

June-2025

- Developed a responsive ticket booking web application using React.js and Bootstrap, improving user experience across devices.
- Implemented dynamic booking forms and user account management features for flight, train, bus, and car reservations.
- Designed reusable UI components and responsive layouts, improving application usability and maintainability.

MoPower – Data Entry Operator (Part-Time)

Feb 2025-Dec 2025

- Worked as a part-time Data Entry Operator while pursuing my degree, managing both academic and professional responsibilities.
- Entered and organized large volumes of data with high accuracy while maintaining confidentiality and meeting deadlines.

PROJECTS:

BusBooker – Bus Ticket Booking System (MERN Stack)

- Developed a full-stack bus booking platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented authentication and booking features for searching buses and reserving tickets.
- Built REST APIs and database models to manage buses, users, and bookings.

E-commerce Web Application (MERN Stack)

- Developed a full-stack e-commerce application with product listing and order functionality.
- Implemented shopping cart and order management features.
- Built REST APIs and MongoDB database for product and order management.

JSON Refiner – Advanced Edition (Python, Gradio)

- Developed a Python tool to convert unstructured key-value text into structured JSON.
- Implemented automatic type inference to detect integers, floats, booleans, and strings.
- Built an interactive web interface using Gradio.

TECHNICAL SKILLS:

Frontend: React.js, JavaScript, HTML, CSS, Bootstrap.

Backend: Python, Node.js, Express.js, REST API.

Database: MongoDB, MySQL.

Tools: Git, GitHub, Postman, VS Code, Figma, Canva.

Soft Skills: Problem Solving, Logical Thinking, Team Collaboration.
